Software Development Manager at Amazon
August 29, 2011, Anurag reported directly to Vishal
Vishal is a wonderful manager he likes to do the things in an innovative manner. Always willing to take extra responsibility in project he has lead from front many times in crises and made the deliveries happen. He takes all the pressure and make sure that his team members are not at all affected by the same. It w... See more

May 31, 2010, Vishal worked with Sandeep in the same group
Working with Vishal was a great experience. He is one of the very few people I have known who has the ability to reduce 10,000 lines of spaghetti code to its 100 line functional equivalent in a matter of few hours. I could have said a few minutes and not been too off base, but then Vishal himself would have caught that w... See more
